Husky Floor Liners

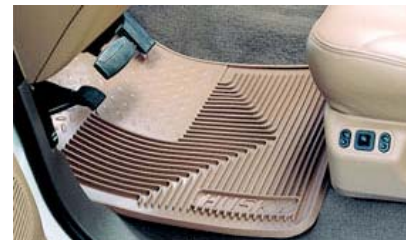

The original [Husky Liners](#) product is the Husky Floor Liner. This is no ordinary Floor Mat. The Husky Liner literally lines the sides of your car, truck or suv's floor to protect from spills, snow, mud and water. The bottom side of the Husky Liner is made with Husky Liners exclusive "SPiN Sta-Put" spikes that grip your carpet and floor to keep the Floor Liner steady. To give you traction, the Husky Liners have a diamond plate texture.

The Husky Liners wash quickly with a hose and come in Tan, Grey and Black. Husky Floor Liners have a Lifetime Guarantee.

Husky Liners Heavy Duty Floor Mats

Husky Heavy Duty Mats are made using the same "SPiN Sta-Put" floor grip as the Husky Liners. However, most people find the Husky Floor Mats more attractive than the original Husky Liners. Husky Liners offer similar protection as other floor mats but are made from better materials and are visually more appealing. They just do not line the whole floor, which offers less protection. As far as regular Heavy Duty floor mats go, [Husky Liners Heavy Duty Mats](#) are the best.

Available in Black, Grey and Tan. They also come with a Lifetime Guarantee.
